

THE FUTURE OF DISASTER RECOVERY

FAILOVER FOR ANY COMPANY

THE PROBLEMS WITH TODAY'S DISASTER RECOVERY

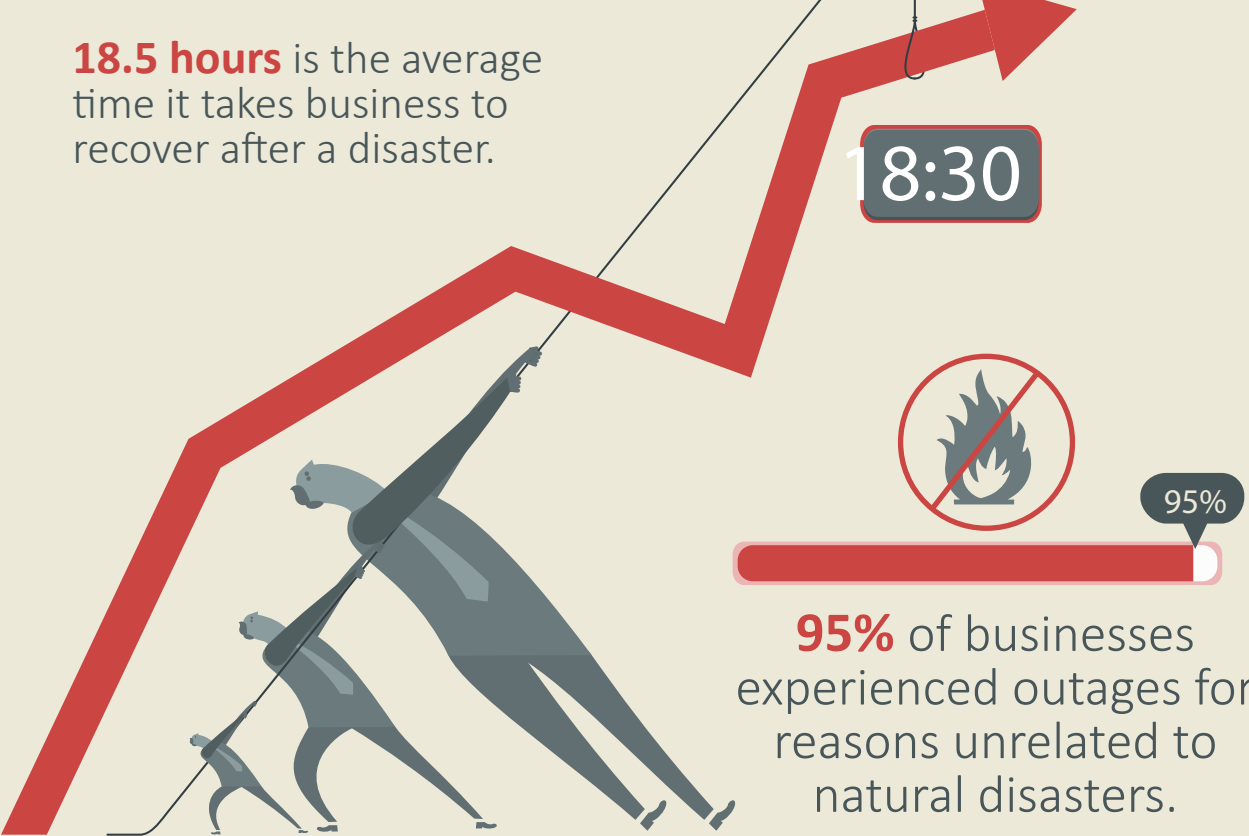

WHY ALL COMPANIES NEED DR

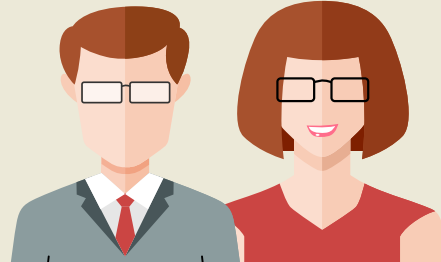

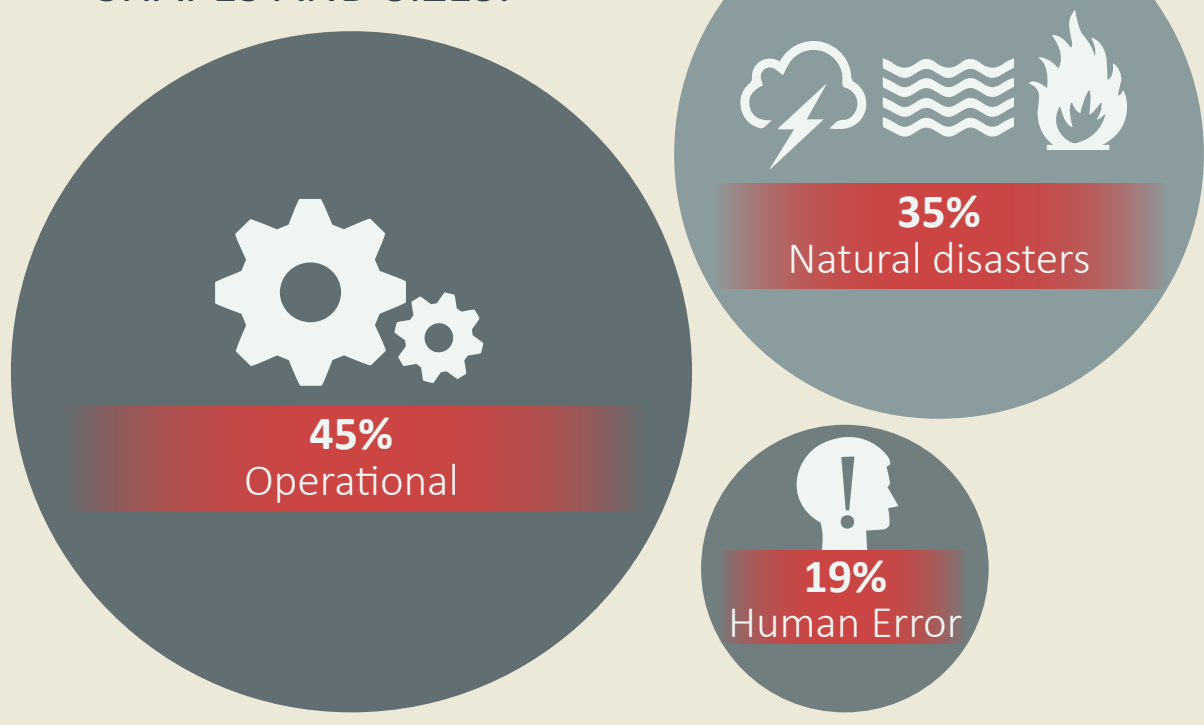

WHAT'S THE COST OF ONE HOUR OF DOWNTIME?
\$8,000 for a small company to **\$700,000** for large enterprises

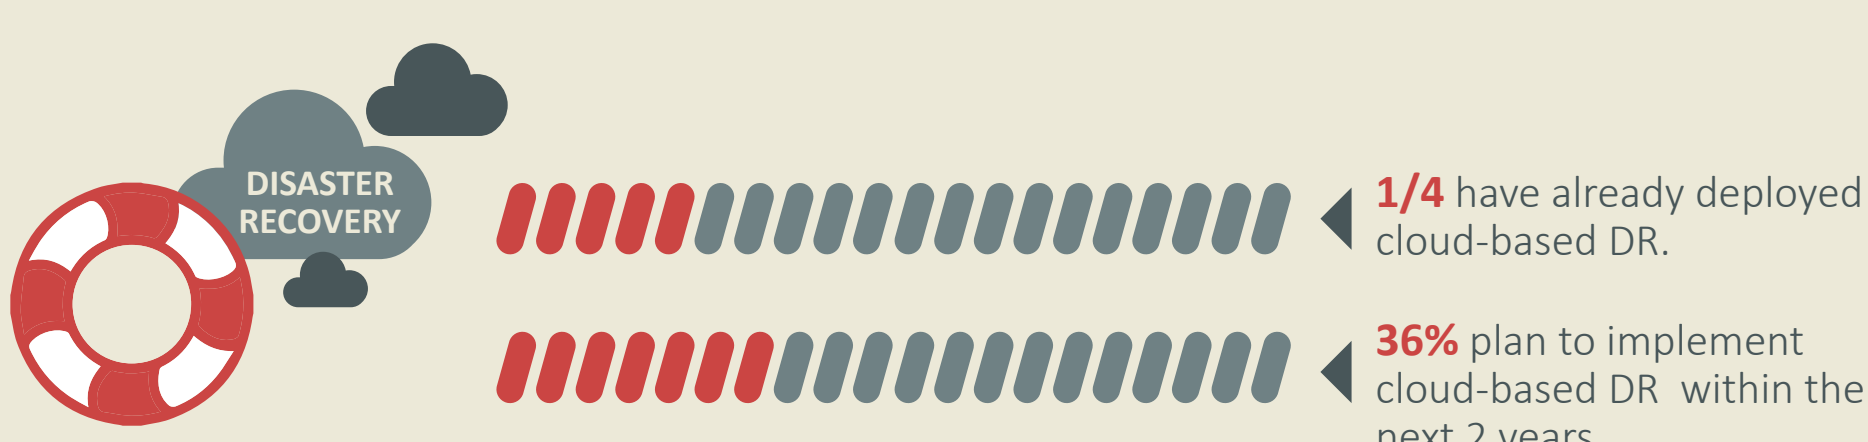

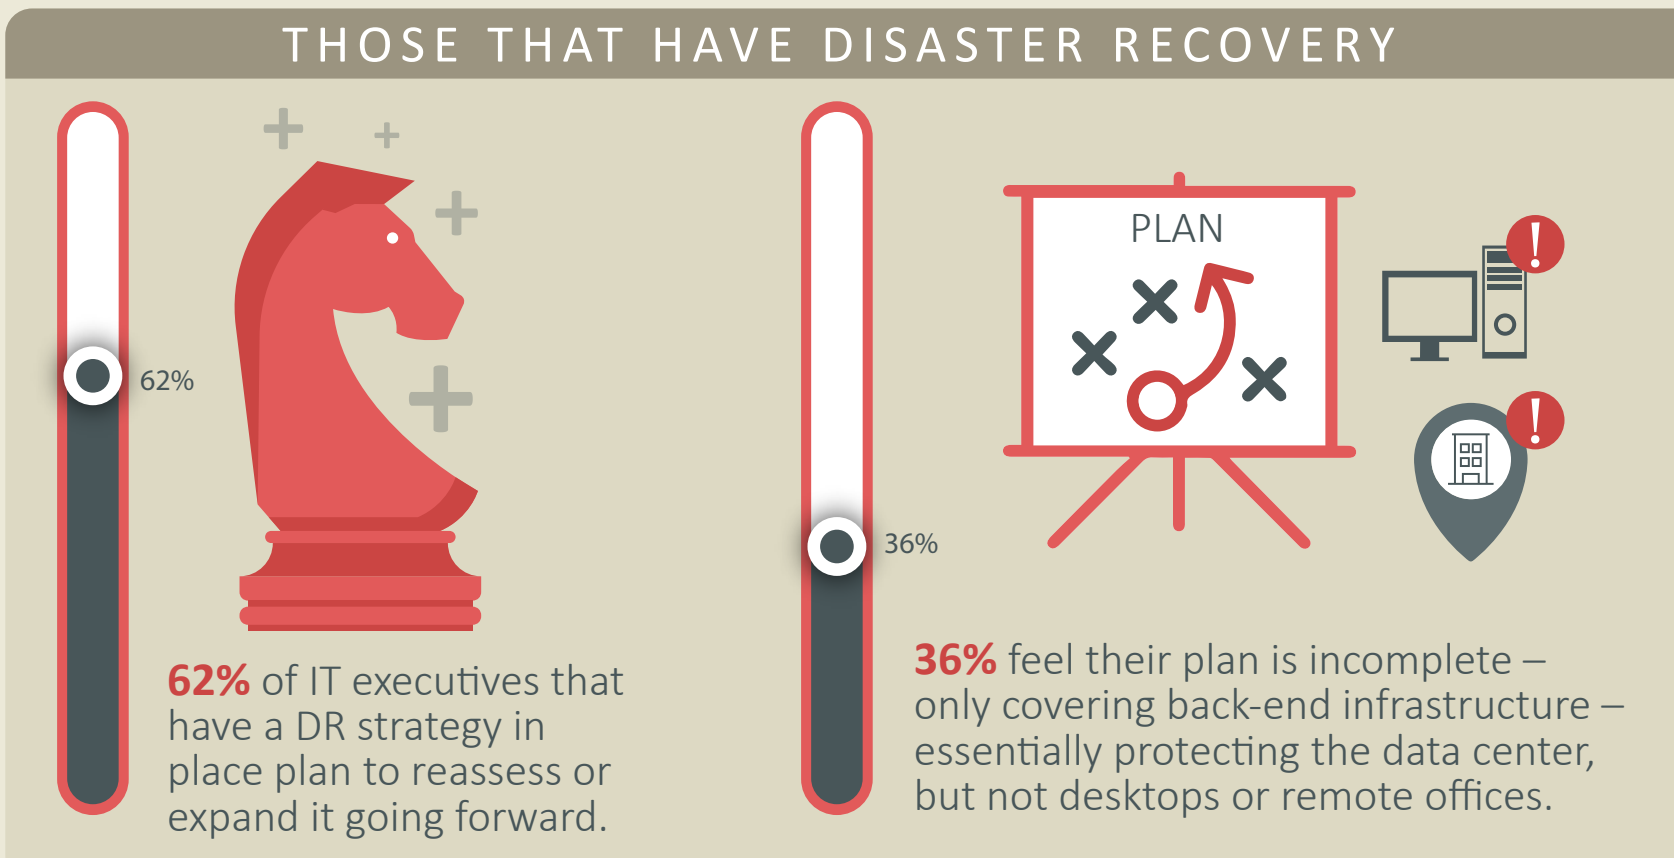

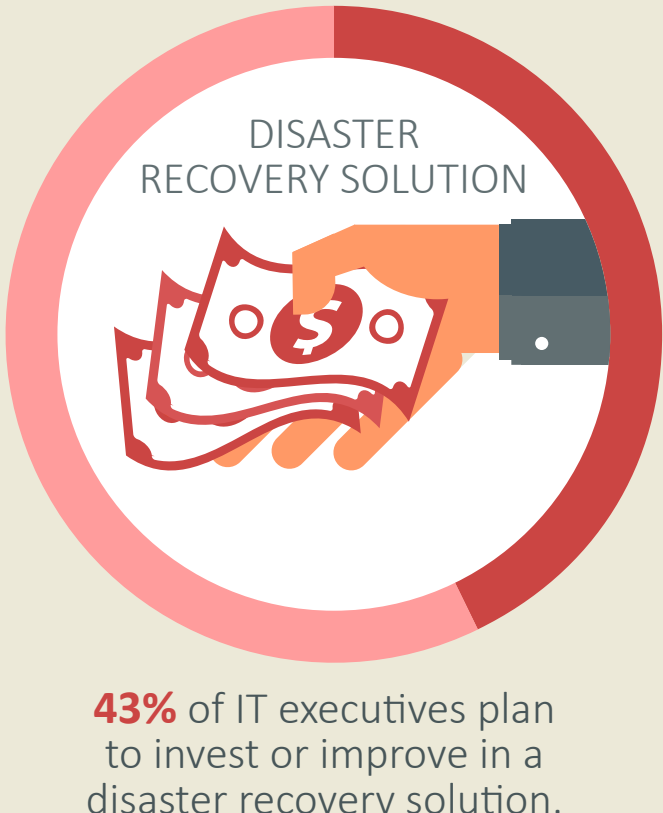

18.5 hours is the average time it takes business to recover after a disaster.

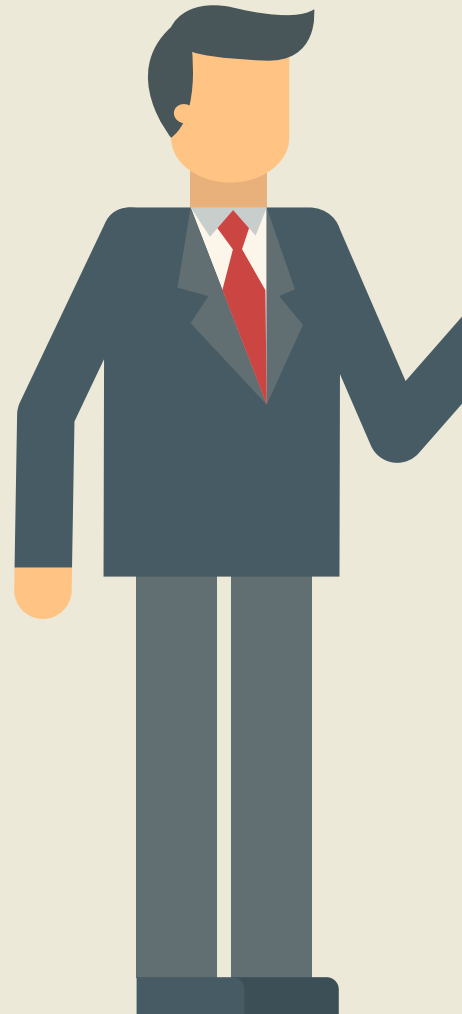

DOWNTIME COMES IN ALL SHAPES AND SIZES:

WHAT DO YOUR "IT" PEERS THINK ABOUT DR?

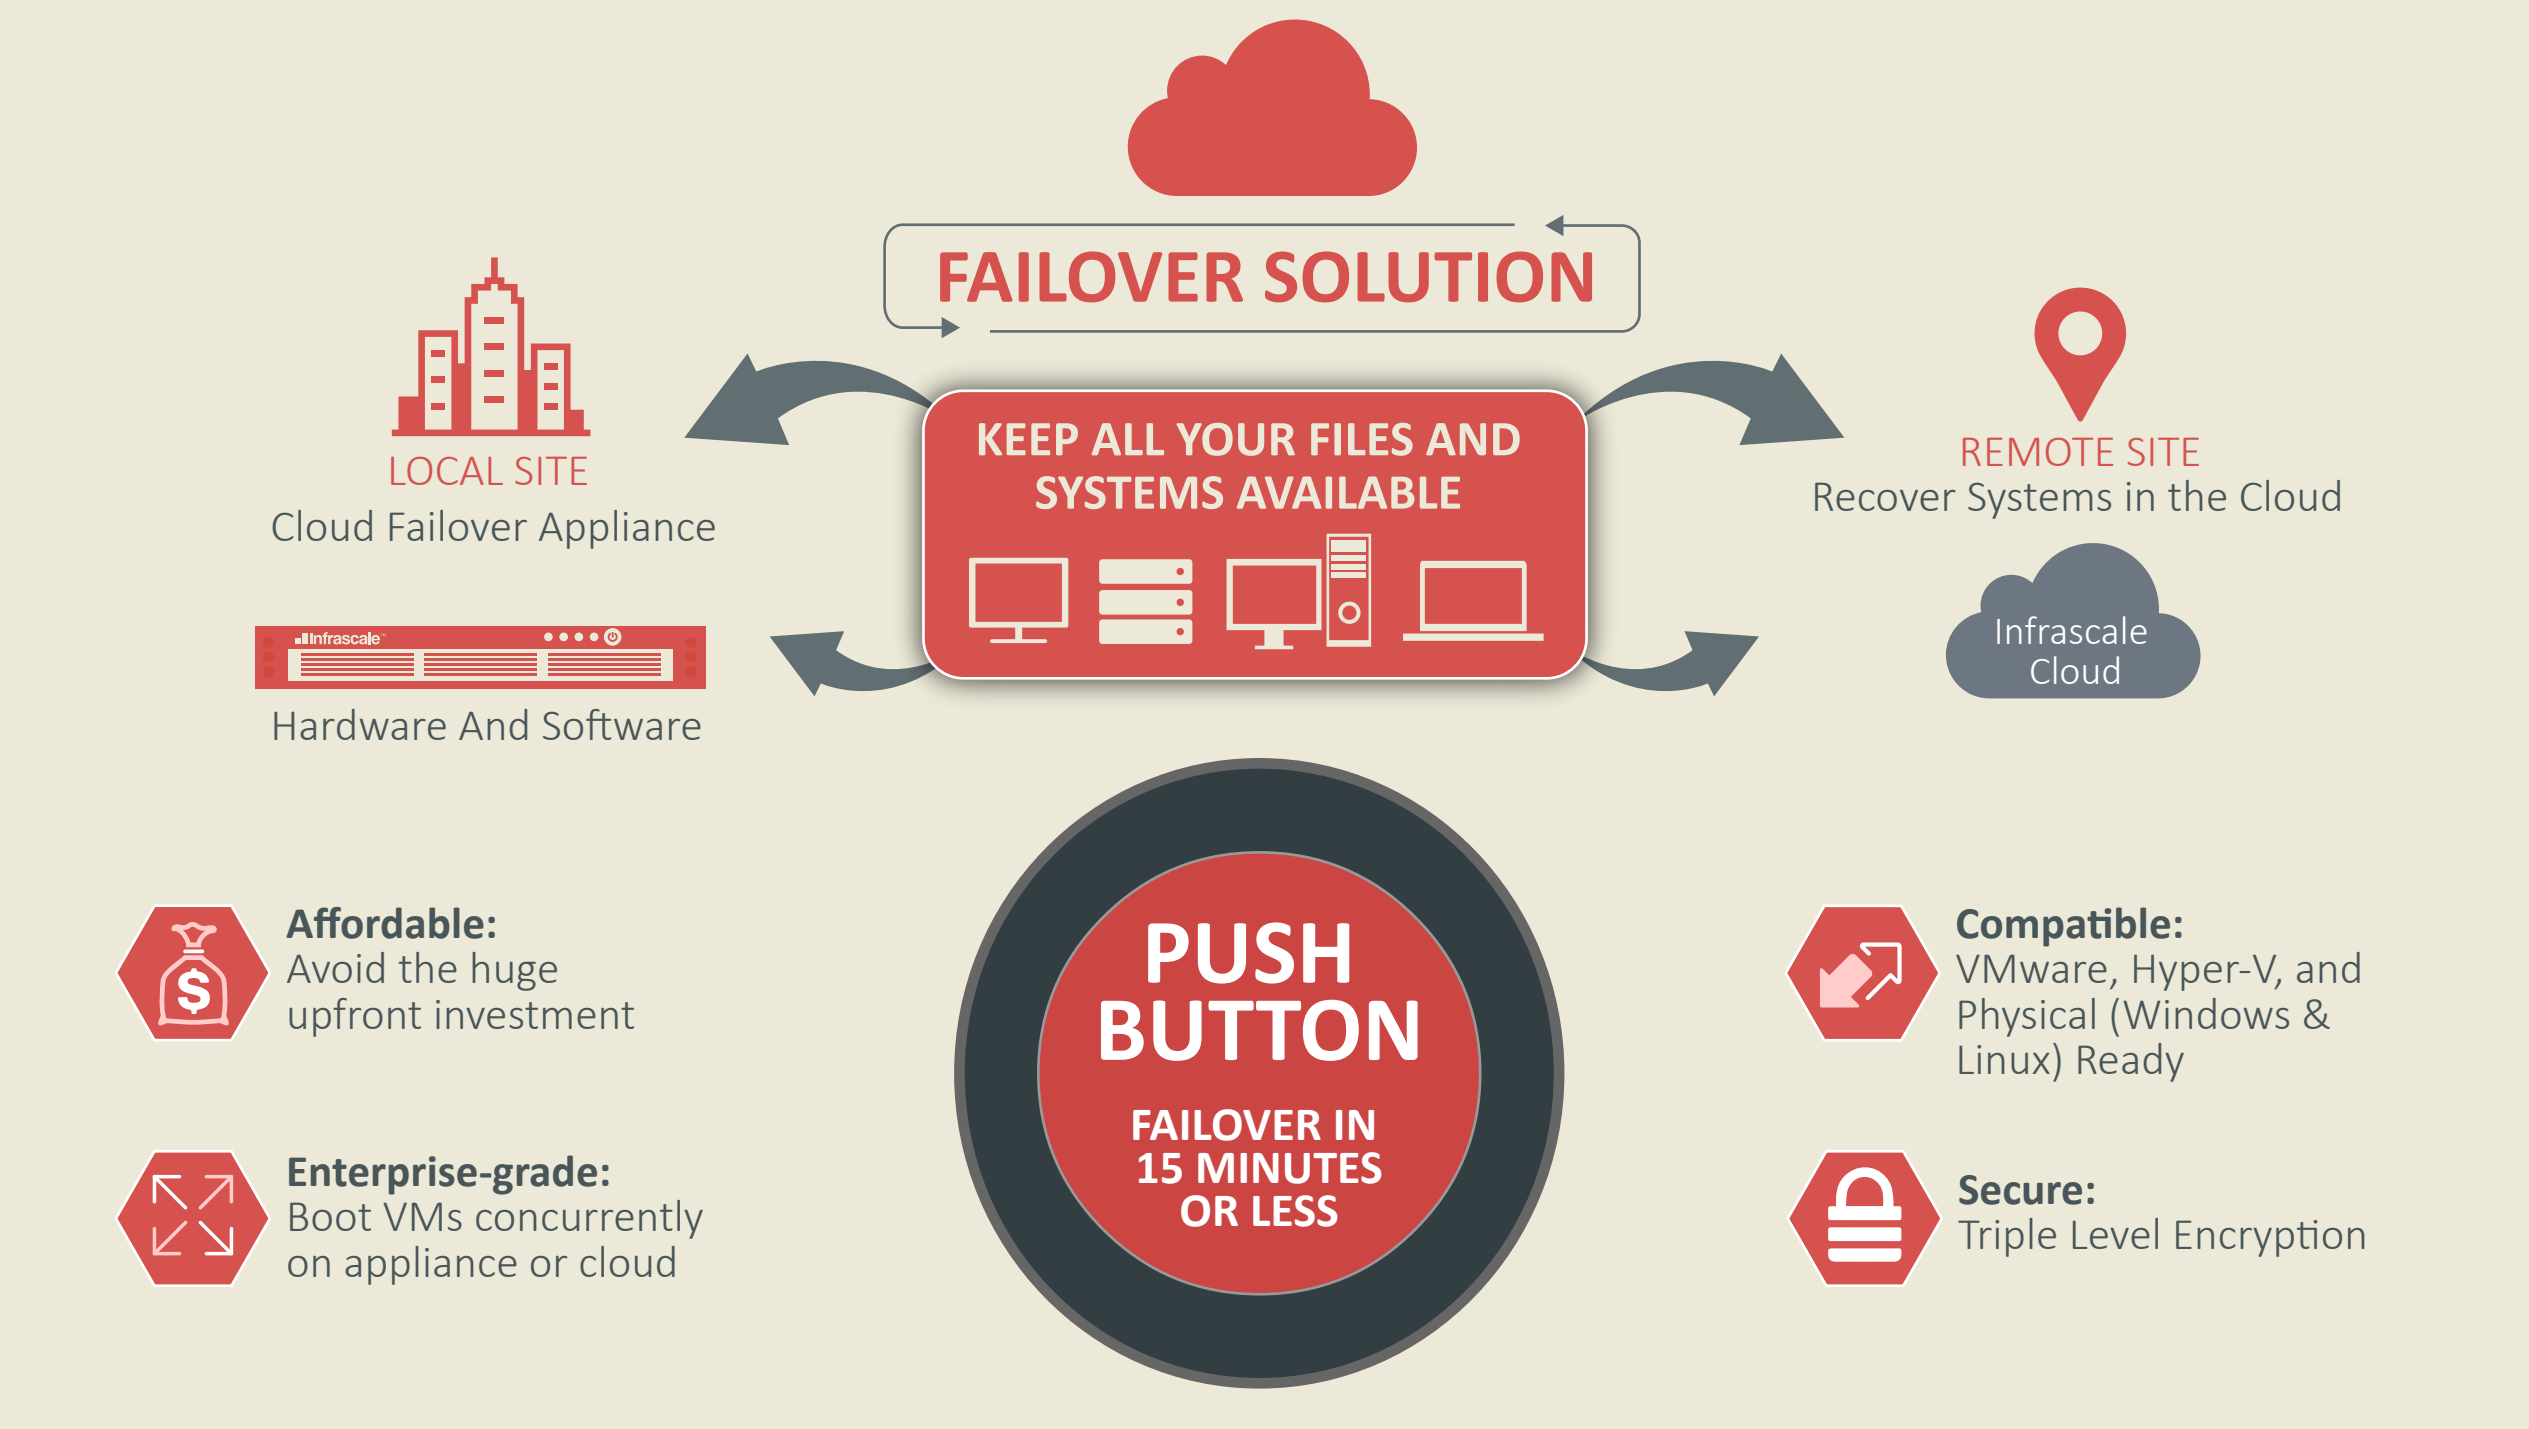

WHAT "IT" DECISION MAKERS WANT FROM THEIR DISASTER RECOVERY VENDOR

50% want reliability	EXTENDING DR TO CLOUD 75% want easy deployment and management 68% want cost reduction. 64% want to expand DR coverage beyond the data center
47% want security	
41% want compatibility with existing IT infrastructure	
63% want desktop disaster recovery	
77% want to reduce overall costs of DR solutions	

THE FUTURE OF DISASTER RECOVERY
